A BRIEF INTRODUCTION

A Brief Introduction

CONMECH CONSTRUCTION & DEVELOPMENT CORPORATION (CCDC) founded in March 1997 by brothers, JOSE RAMON A. GONZALEZ and ENRIQUE A. GONZALEZ, takes pride in having achieved its goal of delivering quality structures as well as excellent service to all its clients in its years of operation. CCDC counts to its name an extensive range of projects which include buildings, hotels, stores, condominiums, schools, offices and residences. Highly satisfied clients and reputable architects, designers and engineers attest to CCDC's reliability, consistency and professionalism in the construction industry.

CONMECH CONSTRUCTION & DEVELOPMENT CORPORATION operates with highly skilled and experienced workers who share the same vision as its management in bringing the company forward by employing impeccable standards in quality vis-à-vis punctuality when completing projects. Due to the meticulous manner, keen eye for detail and dedication to service by the workforce, CCDC consequently acquired a reputation for dependability and tastefulness. But despite its significant achievements, CCDC never wavered in its drive for excellence. CCDC continuous to learn, improve and grow through constant research and training.

CCDC OFFICERS

The President

Though his college education began in De La Salle University, JOSE RAMON “Mon” A. GONZALEZ, CCDC President completed his Civil Engineering course at the University of the Pacific in Stockton, California. Alongside this, Mon obtained an Associate in Arts degree from Menlo College, Menlo Park in California. Further knowledge came in the form of extensive training and experience as Executive Vice President of Unicorn Construction Co. Inc. for 12 years. Forming Conmech Construction became a logical option soon after.

Facing new challenges never daunted him from pursuing his aspirations of one day running his own company. Together with his brother, Bong Gonzalez, they formed an accomplished team of workers who can help bring their goal into fruition. From a mere staff of 4, Conmech Construction now has more than 800 employees all working faithfully towards excellence and proficiency.

As President of Conmech Construction, Mon devotes much of his effort in inspiring unity and promoting unparalleled service to all clients among Conmech personnel.

The Managing Director

Having completed his engineering studies at the University of the Pacific, like his brother Mon, ENRIQUE “Bong” A. GONZALEZ envisions a bright future for the company. Such exclusive education provided them with positive hopes of a profession and a flourishing venture. But in his desire to broaden his knowledge on his chosen trade, Bong pursued further education. He undertook a Construction Management course at the Asian Institute of Management in October 1990.

Despite extensive knowledge and administrative experienced as President of Unicorn Construction Co. Inc. for 12 years, hard work is not lost to Bong. His personal attention to details became a compelling force in ensuring an unmitigated edge over-all other contractors. To date, his pursuit is still on in attaining the goal he initially had in fulfilling his vision for the company.

The Construction Manager

RAMON NONATO “Nonie” D. MANALANG has been in close collaboration with Jose Ramon “Mon” A. Gonzalez since his days with Unicorn Construction Co. Inc. Due to his diligence and notable competence, he was offered the position of Construction Manager of Conmech Construction during its inception.

He finished Civil Engineering studies at Feati University in 1987. Aside from being an academic scholar, he was President of the Association of Civil Engineering Students from the year 1986 to 1987. Among the various seminars he attended are: Project Management and How to Supervise People both by Fred Prior; Construction Site Management, Contract Management and Pre-Construction Planning all sponsored by UP; and Total Quality Management by the Japan International Corporation Agency.

His work experience is just as varied as his ventures in education. Following his graduation in 1987, he immediately went into practice as Project Engineer of Citicoast Development Inc. where he handled the construction of 52 units of townhouses at Mirasol St. Cubao, QC and low-cost housing units in St. Anthony Village, Dasmariñas Cavite. In the year 1992, he formed his own construction firm, R. MANALANG CONSTRUCTION and completed 8- Units of Residential Townhouses & 3-Storey Residential Building in Mandaluyong City. A 1- Storey Residence at Parkwood Village, Pasig City, Structural works for the Hatchery Building in Naic, Cavite and numerous low-cost housing units in Dasmariñas Cavite. Later on, he decided to join Rudy S. Labos & Associates as Project Manager where he worked on the Interior Renovation of Manila Hotel, Guest Room & Lobby Renovation of Philippine Plaza Hotel, completion of the Paparazzi and Inahotei Restaurants in EDSA Shangri-la Hotel and the renovation of the Baguio Country Club Penthouse. And from November 1995 to March 2000, he served as Head of the Engineering Department and Project Coordinator of Unicorn Construction Co. Inc. where he supervised major projects such as the interior finishing works for the MRT Shaw Blvd. Station, the Fontana Casino & Theater Bldg in Clark Airbase, Angeles City, the Production Village Office in Pasong Tamo, Makati City and Semi-Conductor Plant in Gateway Business Park in Cavite City.

- REMINDEES:**
- An annual registration fee shall be paid upon registration and every year thereafter on or before the last day of January, using BIR Form No. 0605.
 - Filing of required tax returns to conform with the above tax types, whether with or without business operation, to avoid penalties.
 - For new business registrants, application for registration of manual Books of Accounts (B/As) shall be before the deadline for filing of the initial quarterly income tax return or annual income tax return whichever comes earlier, from the date of registration. Registration of new set of manual B/As shall be before its use.
 - Immediately inform the district office in case of transfer/cessation of business and other changes in registration information by filing BIR Form No. 1905.
 - For Self-Employed Individuals (SEI) whose gross sales and/or receipts and other non-operating income does not exceed P3,000,000 and who opted to avail of the 8% Income tax rate, the tax type Percentage Tax (PT) shall not be reflected in the Certificate of Registration (COR). However, at the start of each taxable year, such SEI shall be automatically subjected to graduated income tax rates and required to file quarterly percentage tax return (BIR Form No. 2551Q) and option to replace the COR to reflect "PT", unless qualified and opted to avail of the 8% Income tax rate annually.
